# INDUSTRIAL HOSE PRODUCTS

We're please to offer you a range of silicone hose that's now stocked in all our locations! We've recognized the demand for heater, coolant, vacuum and turbo charger hose lines, and can now address your requirements. With the benefit of low permeation, long service-life, high temperature capabilities and affectability, silicone hose surpasses rubber hose when applications demand x-treme performance.

## Turbo-charge Hose:

With the 6823 Series, rated to 500 deg F, and the 6824 Series, rated to 350 dge F, we can address all your turbo cooling requirements for both on and off-highway applications.

## Vacuum Hose:

Perfect for coolant overflow and emissions control, our vacuum hose can be used in trucks, buses and heavy equipment.

## Heater Hose for Cars, Trucks, Buses & Machinery:

No matter what application, we have a heater hose that will meet your specific requirement. Our 6722 Series is available in longer lengths to save you money by reducing scraps.

The 6750 Series exceeds SAEJ20R1 Class A specifications, and is perfect for heavy-duty equipment and marine-coolant applications.

## Coolant Hose:

Our range of coolant hose is resistant to cracking, ozone, coolant solutions, aging and peeling. Ranging in size from 3/8" to 4", we have the hose for your needs.
