

Topgard® Protective Caps

UNI-RIDGE DESIGN PROTECTS WEARER FROM FALLING OBJECTS

Lightweight, durable Topgard® slotted caps are built for use by utilities and other industries, where head protection from falling objects is necessary, along with good dielectric properties (non-conduction of electrical current). Limited resistance to top impact or penetration is retained through a wide range of temperatures.

Available in standard (6 1/2 - 8) size with 1-Touch™ or Fas-Trac® suspension. Topgard® caps meet or exceed the applicable requirements for a type I helmet (top impact) as outlined in ANSI Z89.1 and CSA Z94.1, class E.
