

## 3M™ Scotchlite™ Diamond Grade™ Conspicuity Sheeting Series 983

Series 983 sheeting features superior reflective qualities. The 2" version is DOT-C2 certified for truck trailer applications and guaranteed to meet or exceed all NHTSA requirements. All other widths are not DOT-C2 compliant. Series 983 sheeting offers the following:

- **Brightness**—six times brighter than conventional sheeting. Maintains its superior conspicuity with a bright white appearance during the day and high reflectivity at night
- **Angularity**—reflects well at angles up to nearly 90°
- **Outlining Capabilities**—helps identify vehicle size and type
- **Durability**—resists weather, dirt and aging
- **Warranty**—The 2" version which are DOT-C2 certified for truck trailer applications have a 10 year warranty while all other widths and applications have a 7 year warranty

Available in pre-cut strips and 50-yard rolls in solid white or alternating pattern. Alternating patterns conspicuity material with 7" white and 11" red, designed for balanced retroreflectivity between the two colours, or conspicuity material designed for more versatile applications with the 6" red and 6" white colour in 12" increments. Pre-cut strips are cut at the colour change for faster application. 100 strips per case.
