ColorCore

● ● ● ● ● ● by Remco

ColorCore is a general-purpose, value-oriented line of color-coded cleaning tools from Remco. The ColorCore range provides users with a balance of cost, durability, and effectiveness that is well-suited for use in restaurants, hotels, commercial and government buildings, and light industrial facilities.

www.tenaquip.com

1-800-661-2400

ColorCore Features

- A good balance of value, durability, and effectiveness
- An assortment of 18 tools, each available in 6 colors, to help meet many common cleaning challenges
- Economically priced tools for lighter cleaning tasks
- Total-color construction that helps minimize the risk of cross-contamination by making it easier to properly identify and store tools
- Most tools are manufactured in TAA-compliant countries, making them suitable for government use

Suggested Applications

- Adding color-coding to 5S lean programs used in general manufacturing
- Separating cleaning tools by use (cleaning drains versus work tables)
- Identifying tools that belong in specific areas (restaurant kitchens versus dining rooms)
- General cleaning in commercial facilities like retail stores and office buildings
- Low-risk areas in food manufacturing facilities like offices or locker rooms

ColorCore tools are sufficient for many cleaning applications, but they are not intended to replace Vikan's hygiene line for high-risk applications like food manufacturing. See the comparison chart on the back page. Always conduct a thorough risk assessment before introducing new sanitation tools or plans.

Between Vikan's hygiene line and ColorCore, outfitting entire operations with trusted, effective, and color-coded tools is now easier than ever.

Products

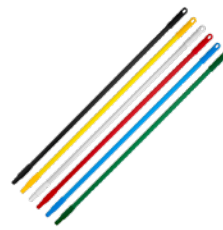

51" Aluminum Handle

Model No.	Mfg. No.	Colour
JM098	294012	Green
JM099	294013	Blue
JM100	294014	Red
JM101	294015	White
JM102	294016	Yellow
JM103	294019	Black

59" Aluminum Handle

Model No.	Mfg. No.	Colour
JM104	294112	Green
JM105	294113	Blue
JM106	294114	Red
JM107	294115	White
JM108	294116	Yellow
JM109	294119	Black

50" Fiberglass Handle

Model No.	Mfg. No.	Colour
JM110	295012	Green
JM111	295013	Blue
JM112	295014	Red
JM113	295015	White
JM114	295016	Yellow
JM115	295019	Black

57" Fiberglass Handle

Model No.	Mfg. No.	Colour
JM116	295112	Green
JM117	295113	Blue
JM118	295114	Red
JM119	295115	White
JM120	295116	Yellow
JM121	295119	Black

10" Angle Head Broom, Medium

Model No.	Mfg. No.	Colour
JM122	310112	Green
JM123	310113	Blue
JM124	310114	Red
JM125	310115	White
JM126	310116	Yellow
JM127	310119	Black

24" Push Broom, Soft

Model No.	Mfg. No.	Colour
JM128	316312	Green
JM129	316313	Blue
JM130	316314	Red
JM131	316315	White
JM132	316316	Yellow
JM133	316319	Black

24" Single Blade Squeegee

Model No.	Mfg. No.	Colour
JM194	726012	Green
JM195	726013	Blue
JM196	726014	Red
JM197	726015	White
JM198	726016	Yellow
JM199	726019	Black

22" Foam Blade Squeegee

Model No.	Mfg. No.	Colour
JM200	785512	Green
JM201	785513	Blue
JM202	785514	Red
JM203	785515	White
JM204	785516	Yellow
JM205	785519	Black

12" Deck/Wall Brush, Stiff

Model No.	Mfg. No.	Colour
JM140	366112	Green
JM141	366113	Blue
JM142	366114	Red
JM143	366115	White
JM144	366116	Yellow
JM145	366119	Black

10" High-Low Deck/Wall Brush, Stiff

Model No.	Mfg. No.	Colour
JM146	366212	Green
JM147	366213	Blue
JM148	366214	Red
JM149	366215	White
JM150	366216	Yellow
JM151	366219	Black

8" Tank Brush, Stiff

Model No.	Mfg. No.	Colour
JM188	703612	Green
JM189	703613	Blue
JM190	703614	Red
JM191	703615	White
JM192	703616	Yellow
JM193	703619	Black

11" Dustpan

Model No.	Mfg. No.	Colour
JM176	558112	Green
JM177	558113	Blue
JM178	558114	Red
JM179	558115	White
JM180	558116	Yellow
JM181	558119	Black

6" Hand Brush, Stiff

Model No.	Mfg. No.	Colour
JM134	358812	Green
JM135	358813	Blue
JM136	358814	Red
JM137	358815	White
JM138	358816	Yellow
JM139	358819	Black

7" Dish Brush, Medium

Model No.	Mfg. No.	Colour
JM164	428112	Green
JM165	428113	Blue
JM166	428114	Red
JM167	428115	White
JM168	428116	Yellow
JM169	428119	Black

4" Nail Brush, Medium

Model No.	Mfg. No.	Colour
JM182	643312	Green
JM183	643313	Blue
JM184	643314	Red
JM185	643315	White
JM186	643316	Yellow
JM187	643319	Black

12" Bench Brush, Medium

Model No.	Mfg. No.	Colour
JM170	451112	Green
JM171	451113	Blue
JM172	451114	Red
JM173	451115	White
JM174	451116	Yellow
JM175	451119	Black

12" Short Handle Scrub Brush, Stiff

Model No.	Mfg. No.	Colour
JM152	410712	Green
JM153	410713	Blue
JM154	410714	Red
JM155	410715	White
JM156	410716	Yellow
JM157	410719	Black

20" Long Handle Scrub Brush, Stiff

Model No.	Mfg. No.	Colour
JM158	410812	Green
JM159	410813	Blue
JM160	410814	Red
JM161	410815	White
JM162	410816	Yellow
JM163	410819	Black

Basic Wall Bracket

Model No.	Mfg. No.	Colour
JO023	06152	Green
JO022	06153	Blue
JO021	06154	Red
JO020	06155	White
JO019	06156	Yellow
JO017	06159	Black

Stainless Steel Wall Bracket

Model No.	Mfg. No.	Colour
JO076	0618	Stainless

Comparison of the ColorCore and Vikan Hygiene Lines

Feature	Benefit	ColorCore Line	Vikan Hygiene Line
Total-Color Construction	Easier visual identification	✓	✓
EU/FDA Compliant Materials	Safe for food contact when used within stated limits	✓	✓
Euro Threading	Creates a more secure connection between handles and tool heads versus acme threading	✓	✓
Lower Upfront Cost	Value-oriented tools lower the barrier of entry into a color-coding system	✓	
Lower Long-Term Cost	Higher-quality materials and rugged designs help tools last longer, reducing cost		✓
Commercial Grade	Best for lighter use in smaller areas like restaurants, hotels, commercial, and light industrial facilities	✓	
Industrial Grade	Best for intensive cleaning in food and other hygiene-critical manufacturing facilities		✓
Declarations of Compliance for the Entire Line	One compliance document applies to all tools	✓	
Declarations of Compliance for Individual Tools	Specific individual documents are available for each tool that is intended for food contact		✓
Hygienic Design	Smooth surfaces and curved internal angles make tools easier to clean and reduce harborage points for allergens and microorganisms		✓
Ergonomic Design	Reduces fatigue and the potential for workplace injury		✓
Fit for Purpose	Designed specifically for industrial food manufacturing		✓
Full-Line	Hundreds of specialized cleaning and material handling tools		✓
Up to 12 Colors Available	Maximum flexibility when building complex color-coding plans		✓

TENAQUIP

INDUSTRIAL EQUIPMENT, SUPPLIES & SOLUTIONS

Remco

Hygienic | Full Color Range | Exceptional Durability

Remco, Vikan's dedicated presence in North America, draws upon a combined wealth of knowledge to provide the best in food-safe cleaning and material handling tools for food manufacturers and other industries where hygiene is critical. Remco offers its hygienically designed and FDA-compliant tools in a wide range of colors to support color-coding programs. Along with our superior manufacturing processes, we offer friendly and knowledgeable support to every customer. Remco's color-coded products and unmatched customer support help manufacturers improve food safety and meet regulatory compliance.

Remco helps those who use color-coded tools to navigate the ever-changing landscape of regulations, guidance and standards, as well as supporting those who have never implemented a color-coding program before. We provide support in the form of food safety educational articles, online and in white paper form, as well as providing site assessments.

Brushes

- **Variety of styles** — Including hand brushes, tube and valve brushes, and special application brushes.
- **User friendly** — Ergonomic handles and blocks help prevent user fatigue.
- **Total color** — Blocks and bristles are total color, helping users clearly identify where tools should be used and stored as part of a complete color-coded system.
- **FDA compliant** — Hygienic design meets food safety and cleaning requirements of the FDA.

Brooms

- **Variety of styles** — Including upright brooms, heavy-duty push brooms, angle cut brooms, combo-duty brooms, and fine and large particle sweeping brooms.
- **User friendly** — Works with ergonomic Hygienic (Euro) Thread handles.
- **Total color** — Blocks and bristles are total color, helping users clearly identify where tools should be used and stored as part of a complete color-coded system.
- **FDA compliant** — Hygienic design meets food safety and cleaning requirements of the FDA.

Squeegees

- **Variety of styles** — Including Ultra Hygiene squeegees, double blade squeegees, fixed head squeegees, swivel neck squeegees, ceiling squeegee and refill cassettes.
- **User friendly** — Ultra hygiene models are perfect for food contact surfaces; foam blade models tackle floors and drains.
- **Hygienic design** — The splash guard and rubber blade are molded in one piece on the single-blade Ultra Hygiene squeegees, leaving no seams or cracks for bacteria to hide.

Handles

- **Variety of styles** — Including color-coded handles, aluminum handles, fiberglass handles, stainless steel handles and Ultra Hygiene handles.
- **User friendly** — For use with Euro thread tools; color-coded handles feature ergonomic polypropylene sleeves to provide a comfortable, sure grip.
- **FDA compliant** — Hygienic design meets food safety and cleaning requirements of the FDA.

Shovels

- **Hygienic design** — One-piece injection molded polypropylene construction.
- **Total color** — Shovels are total color, helping users clearly identify where tools should be used and stored as part of a complete color-coded system.
- **FDA compliant** — Hygienic design meets food safety and cleaning requirements of the FDA.

Scoops

- **Variety of sizes** — Including 16 oz., 32 oz., 64 oz., 82 oz., 128 oz.
- **Hygienic design** — One-piece injection molded polypropylene construction.
- **Total color** — Scoops are total color, helping users clearly identify where tools should be used and stored as part of a complete color-coded system.
- **FDA compliant** — Hygienic design meets food safety and cleaning requirements of the FDA.

Scrapers

- **Variety of styles** — Including hand scrapers, bench scrapers, paddle scrapers, and floor scrapers.
- **Hygienic design** — One-piece injection molded polypropylene construction.
- **Total color** — Scrapers are total color, helping users clearly identify where tools should be used and stored as part of a complete color-coded system.
- **FDA compliant** — Hygienic design meets food safety and cleaning requirements of the FDA.

Tubs

- **Variety of styles** — Including dump tub, transport tub and aero-tote.
- **Hygienic design** — One-piece polyethylene construction.
- **FDA compliant** — Hygienic design meets food safety and cleaning requirements of the FDA and meets all USDA specifications.

The Color-Coding System

Remco and Vikan® offer an integrated color-coding system to help mitigate the risk of cross-contamination in food processing facilities. With an array of color-coded tools and storage

brackets, and years of experience building effective color-coding systems, the experts at Remco Products Corporation can help you effectively apply color-coding to divide and identify different zones or processing tasks. As a result, workers can more easily comply with material handling and hygienic cleaning procedures to maintain stringent food safety standards.
