

TurboLife™ Extreme Sharp Edge Personal Fall Limiters

- Designed for use in sharp edge applications with radius ≥ 0.005 in (0.13 mm)
- Meets ANSI Z359.14 Class B and Leading Edge requirements
- Two buttons on harness connector positioned on two different planes require two distinct actions, preventing accidental disengagement
- Lightweight, compact harness connector with free-floating shock-absorber pack keeps workers cooler, and provides a more comfortable work experience
- Lifeline Material: Galvanized Steel
- Swivel or Stationary: Swivel
- Unit Connector: Without Unit Connector
- Unit Connector Material: Aluminum
- CSA Certification: SRL-LE

V-Tec™ Personal Fall Limiters

- Compact and lightweight
- New design eliminates the need for an external energy-absorber outside of the housing
- High-impact polycarbonate transparent housing allows for easy visual inspection of internal components
- 360° fully rotating attachment point for complete flexibility
- Requires zero recalibration or adjustment
- Stainless steel components
- Certified to CSA standard Z259.2.2

V-Tec™ Self-Retracting Lifelines

- Premium components and innovative engineering
- Offers controlled cable retraction—preventing excessive lifeline retraction speed and protecting internal parts from damage
- Clear outer casing offers easy inspection
- Carry handle included for easy transportation
- Spring radial energy-absorbing technology requires zero calibration or adjustment
- Retraction dampening features controls the cable speed to <3m/s
- Completely field serviceable, the cable, energy-absorber, and retraction dampener can all be replaced on site
- Certified to CSA Z259.2.2
- No. of SRLs: 1
- Unit Connector Material: Steel
- CSA Certification: SRL

V-Edge™ Leading Edge Self-Retracting Lifelines

- Specifically engineered and tested for use at foot-level tie off, the V-Edge™ SRL meets CSA Z259.2.2-2017 Leading-Edge requirements
- Use in a variety of applications, from overhead to horizontal tie off points, and where sharp edges are a concern
- Integrated roll cage protects housing when used in foot-level tie off
- Retraction dampening feature controls the life line speed—preventing unwanted damage and maximizing product life
- Clear outer casing allows for quick visual inspection of internal components
- Internal components like the cable and energy absorber can be replaced on site—reducing repair times
- No. of SRLs: 1
- Lifeline Material: Galvanized Steel
- Lifeline Connector: Snap Hook
