

Snow Blowers (Two stage 400 Series)

- Snow is fed into the housing by an auger and then discharged through the chute by an impeller
- Infinitely variable hydrostatic drive system provides convenient driving with optimum control
- Convenient trigger-control power steering allows superior maneuverability in adverse conditions
- Robust and durable auger housing gives sturdy operation, efficient snow clearing and long product lifetime
- Available in wheeled or track model

FEATURES

- Electric starter
- Power steering
- Variable drive speed
- Heated handles
- Heavy duty auger
- Heavy duty auger housing
- Premium control cables
- Remote chute deflector
- Remote chute rotator
- High speed impeller
- Feed screw with ball bearings
- LED headlights
- Heavy-tread tires
- 10-Year cast iron auger gearbox warranty
- 5-Year engine warranty
