

ProcessMeter™

- Measure AC and DCvolts
- True RMS AC voltage measurement
- Simultaneous mA and % of scale readout
- Diode test and continuity beeper
- Min/Max/Average/Hold/Relative modes
- Externally accessible battery and fuses for easy replacement
- Overload protection on V, ohms, frequency, mA
- HART mode setting with loop power
- Infrared I/O serial port

Model No.	Mfg. No.	Description	Price /Each
IA028	789	Process Meter	
IA011	C25	Soft Case	

Precision Pressure Test Gauge

- Rugged, high-quality pressure gauge calibrator for fast and accurate test results
- Delivers high accuracy—0.05% total measurement uncertainty for one year
- Provides bright backlit display for easy viewing
- Features rugged, durable design with protective holster
- Dial Diameter: 4-1/2"
- Connection: Bottom Mount
- Dial Type: Digital

Model No.	Mfg. No.	Pressure Range	Price /Each
IC049	700G29	0.0 - 3000 PSI	
IC050	700G30	0.0 - 5000 PSI	
IC051	700G31	0.0 - 10000 PSI	

Dual Sensor Pressure Calibrator

- Precision pressure calibrator with dual isolated sensors for gas flow calibration (custody transfer) applications
- Features two isolated, stainless steel, pressure sensors with 0.025% accuracy
- Includes Pt100 RTD input for temperature measurement (probe optional see model IC052)
- Measures 4 to 20 mA signals
- Provides internal 24 V loop power supply to power a transmitter under test
- Display: Digital
- Pressure Range: -14 to 5000 PSI

Model No.	Mfg. No.	Description	Price /Each
IC053	721-3650	Dual Sensor Pressure Calibrator	
IC052	720RTD	Probe	

Pressure Calibrator

- Pressure Source and Milliamp Measurement to calibrate and maintain almost any pressure device
- Integrated pump is easily cleaned when accidentally exposed to fluids that reduces cost of ownership and repairs and enables servicing the pump in the field
- Display: Digital
- Resolution: 0.01 psi, 1 mbar, 0.1 kPa
- Functions: Zero, Min, Max, Hold, Damp

Model No.	Mfg. No.	Pressure Range	Price /Each
IB206	708-300G	± 12 to ± 300 PSI	

Multi-Function Process Calibrator

- Powerful, easy-to-use field calibrator
- Measures volts, mA, pressure, RTDs, thermocouples, frequency, and ohms to test sensors and transmitters
- Sources/simulates volts dc, mA, thermocouples, RTDs, frequency, ohms, and pressure to calibrate transmitters
- Measures/sources pressure using any of 50 Fluke 750P Pressure Modules (not included)
- Easy to read measure/source screen displays input and output simultaneously
- Portable/Bench top: Portable
- Data Logging/ Without Data Logging: Without Data Logging
- No. of Processes: 1

Model No.	Mfg. No.	Description	Price /Each
IC054	725US	Multi-Function Process Calibrator	
IA246	C125	Meter Case	

HART Process Calibrator

- Full-featured documenting process calibrator with HART communication for calibrating and troubleshooting HART instrumentation
- Measures volts, mA, TDs, thermocouples, frequency, and ohms to test sensors, transmitters and more
- Sources/simulates volts, mA, thermocouples, RTDs, frequency, ohms, and pressure to calibrate transmitters
- Powers transmitters during test using loop supply with simultaneous mA measurement
- Portable/Bench top: Portable
- Data Logging/ Without Data Logging: Data Logging
- No. of Processes: 1

Model No.	Mfg. No.	Description	Price /Each
IC041	754	HART Process Calibrator
