

### 4', 12-Outlet Power Bars

- Provides extra power for home electronics
- 6', 14/3 extension cord
- Lighted on/off circuit breaker
- Mounting hardware included
- 5-year warranty

Model No. XC291  
Price/Each \$

### Workshop Surge Protector Power Strip

- Features cord wrap and surge protector to protect your devices from an overload
- Lighted on/off switch
- Keyhole slots on the back of the unit allow the model to be mounted under a desk, on walls or other locations
- Indoor use only
- No. of Outlets: 8
- Cord Length: 6'
- Rated Joules: 1350 J
- Amps: 15 Amps
- Wattage: 1875 W
- Voltage: 125 V
- Housing Material: Metal
- Colour: Black/Yellow

Model No. XH162  
Price/Each \$

### Generator "Y" Cords

- 20 A T-blade plug to 20 A T-slot connectors
- Enables user to draw full 20 A load (5 more amps than a standard U-Ground connector)
- 25' 12/3 STOW wire
- 20 A / 125 V / 2500 W
- Primelight® power indicator light indicates when power is ON
- Double-jacketed, super abrasion resistant
- Oil and water resistant
- Flame retardant
- Ultra-flexible in extreme temperatures from -58°F up to +221°F (-50°C up to +105°C)
- For use with virtually all generators
- Used for lighting, small air conditioners, air compressors, water pumps, power tools and equipment with 1 HP rating

Model No. XD001  
Price/Each \$

### Air Conditioner & Major Appliances Extension Cords

- Molded-on bonded vinyl plugs and connectors will not break off or pull
- Cord resists cracking and breaking
- 3-conductor SPT-3
- 15 A, 1875 W
- 14/3 SPT cable

Model No.	Length'	Price /Each
XC156	3	
XC157	6	

### Non-Contact AC Voltage Detector with Flashlight

- Provides the ability to detect the presence of AC voltage from a safe distance
- Features two voltage ranges allowing it to detect both high (90 to 1000 V) and low (24 to 1000 V) AC voltage wiring
- Suitable for receptacles or against insulated wire
- Double insulated housing for increased safety
- Audible (buzzer) and visual (LED) indicators
- Built-in flashlight
- Pocket clip
- Auto shut off
- Includes: (1) Non-contact AC voltage detector, (2) AAA batteries
- Alert Type: Light & Sound
- Overvoltage Category: CAT. IV 1000V
- Certification(s): CE, ETL

Model No. IC766  
Mfg. No. R5110  
Price/Each \$

### Receptacle Tester with GFCI

- Tests whether the outlet is properly wired
- Can perform the entire array of tests by simply plugging the device into the outlet
- Easy to read light pattern chart
- Detects most common 3-wire receptacle issues
- LED indicators identify 5 wiring faults
- GFCI trip test
- Voltage: 110 - 125V AC
- Frequency Range: 50 - 60Hz
- Maximum Current: 15 A
